## WOMEN

## Why Edea

We think differently, we start with the skater and design for performance. Edea means...

**Greater Feel** Skating is about feel. Edea designed to feel the edges.

**Innovation** Skating is about new. Edea means innovation.

**Faster to perform** Skating is about performance. Edea designed with shorter break-in time. **Lightweight** Skating is about lightness. Edea think and design light.

Comfort

Skating is about ice time. Step into Edea and feel the hug.

Sharper style Skating is about style. Edea designed with Italian style.

Skating is a sport about expression, where art meets performance. It is technique and style. Style is what Italians do. Step into the rink ahead of your rivals.

## Anti-Shock System

#### PERFORM LONGER, BE SAFER

#### The problem

When landing, a force up to 8 times your weight sends shockwaves through your body. Even without jumps, ice chatter creates mini-stresses, both of these creates negative energies that can lead to injuries.

IMPACI

#### The solution

Edea's Anti-Shock System combines Noene to disperse and Poron to absorb these negative energies. Anti-Shock is integrated into the Piano and is available in Impact Insoles and Noene Anti-Shock Undersoles.

#### **Edea Anti-Shock means**

- Minimized impact shock protecting you from potential injury
- Absorbed ice chatter for smoother glide and a more solid base
- Increased stability on landings for quicker transitions and jumps
- Reduced strain on ankles, knees, hips and the back

**Smoother skating** Dual layer anti-shock system reduces impact while increasing stability

#### **Greater thrust**

New lateral support for quicker, increased power transfer

#### **More control**

Improved heel pocket and extra tongue tabs give an improved foot position for better feel and quicker movement

#### More comfort

Longer boot collar for greater movement range

#### Fresh skates

Micro-perforated air tech lining for super quick drying

#### SUPPORT EXTRA STRONG

## PERFORMANCE

# EDEA

#### **NEW PROFILE**

punner

Designed to mimic a blade to give it a more realistic feel. The new profile reduces friction and increase the feel of being on real ice. The taller rocker and blade profile combine to move the spinning point and create the perfect off-ice partner.

#### TAKE OFF JUMPS BANDS

The special bands are to practice take offs. Two bands are included, a softer yellow one for singles and the red for doubles or triples. NOTE: Use without bands for spin practice.

# INSOLES

Shock absorbing undersole

Be safer, perform longer

- minimize impact
- reduce strain
- increase stability
- absorb ice chatter

PROTECTS FROM SHOCKS & VIBRATIONS UP TO 96% Scientifically tested

Sizes: 195-310

### "Lite" anatomic insoles

Anatomically pre-formed insole designed specifically for Edea boots Sizes: 195-310

### "Latex" Flat insoles

#### For skaters who prefer a flat footbed. Ideal for beginners Sizes: 185-310

### Impact insoles

Anatomically pre-formed insole with integrated Poron material under hell and foot arch. Sizes: 225 - 310

## TECHNICAL MATERIAL & MOUNTING 67

Our innovation makes us better and different. We need to be sized, fitted, shaped, laced and mounted in the Edea way.

### THE PERFECT FIT

90% of feet fit our C or standard width. Edea stretchers make the final adjustment to give the perfect custom fit. Overture, Chorus, Concerto, Ice Fly, Piano and Flamenco Ice can be shaped using Edea Instant Custom Fit method.

BOOT STRETCHERS are available in sizes: XS 215-230 S 235-250 M 255-270 L 275-290

- XL 295-310
- (1 stretcher in each package)

## Mounting

Edea boots have technical soles. They need special tools and hi-low dual helix screws for secure blade mounting. Use ONLY Edea screws.

### SET OF 100 HI-LOW SCREWS

### ONE DRILL BIT EXTENSION 2,5 MM.

Specially measured drill bit holder ensures accurate depth of holes. 2,5mm drill bits are used for EDEA Hi-Low screws.

#### **PRE-CUT FILLERS**

Essential for repositioning frames. Each pack includes 20x2,5mm pre-cut carbon bars.

# Mounting stand

Stands for quick and precise blade mounting are practical and portable.
