

FISCHERSPORTS.COM

#PASSIONFORTHEGAME

We take hockey seriously. Both recreational and professional hockey. Our love and passion for hockey is what drives us. This passion and dedication make us aware of the hockey player's needs and lead to a culture of product innovation. It is hardwired in us. Our brand vision as a brand is to be the player's number one choice. Our mission is to enable the highest individual and team performance, and unforgettable moments trough reliable, user-friendly products. By doing so, we believe we will empower more people to find and share this passion, because to us hockey is not a lifestyle. It's life.

YOU NAME IT WE BUILD IT

Every Fischer product has special features and technologies to make your passion exhilarating and enjoyable.

With our custom stick program, we bring our products even closer to the player. Through passion and technical know-how, we developed diverse range of stick customizations. Build your own custom CT950 stick to maximize your stick handling, shooting power and overall performance in the game.

BLADE PATTERN

Send us your own custom blade pattern, something that you can't buy anywhere else. Using soft mold technology, we can reproduce any custom blade shape and adapt it to your needs and preferences.

COLOR OPTION

We offer a variety of color options for our custom player and goalie sticks. Want to adapt stick color to your team jersey? Order Fischer custom sticks in yellow, red, blue, orange, white, or green design elements.

FINISH

You want to try different shaft finishing varnishes? Choose from soft grip, regular grip, extra strong grip, clear, or matte finish on the shaft.

INDIVIDUAL FLEX

Choose your ideal stick stiffness. Is your game focused on quick and explosive wrist shots or high-speed slap shots? You can choose individual stick stiffness from 65-115 flex.

SHAFT OPTION

We offer you a choice of shaft shape between round and square. This is a sure way to improve your stickhandling, passing and overall feel of the stick.

CUSTOM NAME & NUMBER DESIGN

As another custom feature, we offer you the chance to have any name & number combination integrated on the side of the shaft. Instead of CT950 model name we integrate your name and number in the same position on the shaft. As we say, we build the stick just for you.

STICK LENGTH

You want your ideal stick length, without needing to deal with cutting? Order your stick custom lengths anywhere from 60" to 63".

TEAM LOGO

Show your passion for your team on the ice. Your team logo can be added to your Fischer custom hockey stick.

TECH FEATURES

PLAIN TECH

Plain Tech 3k carbon shaft construction reduces weight and increases performance.

CAP TECH

Cap Tech is a patented micro thin foil system wrapped around the shaft for more impact durability.

RHT (responsive hosel tech) with a wider taper for stronger torsional stiffness, increased accuracy and response.

DUAL FOAM CORE BLADE

Dual Foam Core Blade provides more sensitive puck feeling and quicker puck release.

POLY-AIR-BOND BLADE

Poly-Air-Bond blade combines lightening fast response with puck feel, performs on all inline surfaces such as inline courts

MONO-COMP-TECH

Mono-Comp-Tech – Fischer is one of the few producers worldwide to manufacture a hockey stick in one single process without fusing shaft and blade in separate steps.

GC950

The evolution is here!

The new GC950 goalie composite stick receives improved balance and lower weight. By combining Fischer technologies and materials SMART GRIP, DUAL IMPACT CONTROL, CAP TECH, LITE STRUCTURAL FOAM and TRIPPLE FOAM CORE we challenge goaltenders to bring their level of goaltending to a higher level and stop the opponents from putting the puck behind their back!

TECH FEATURES

CAP TECH

Cap Tech is a patented micro-thin foil system wrapped around the shaft for more impact durability

SMART GRIP ZONE

Grip zone between paddle and shaft provides perfect grip and control of the stick.

AIRCRAFT CARBON

Aircraft Carbon construction enables better energy transfer, durability and stiffness of the blade and paddle.

TRIPLE FOAM CORE

Triple Foam Core improves balance and core durability of the stick.

LITE STRUCTURAL FOAM

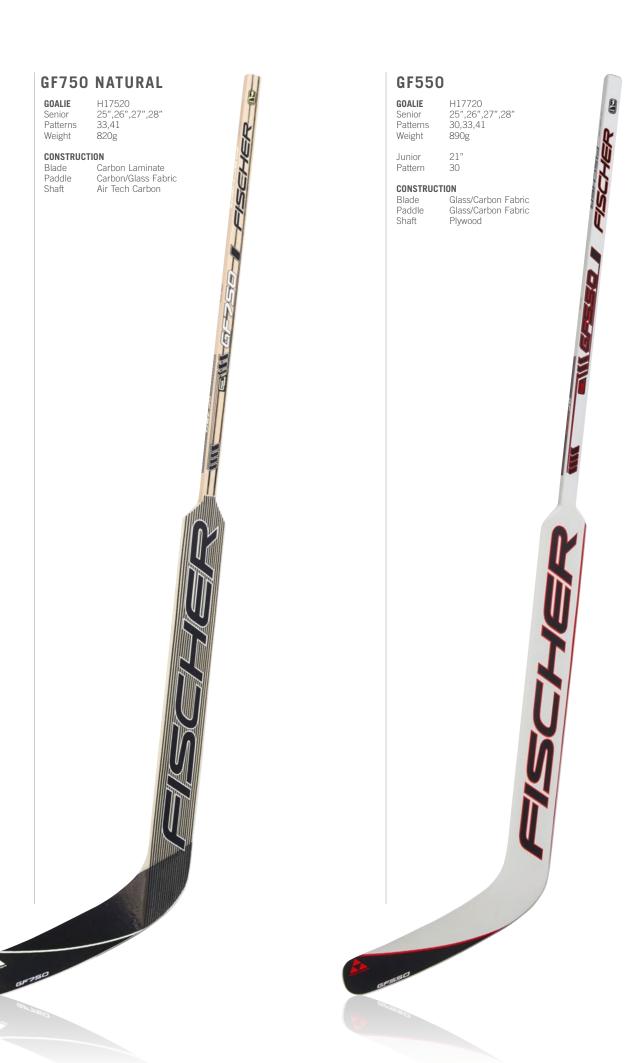

This low density, light, and durable material enables better stick handling and improves balance and weight of the stick.

DUAL IMPACT CONTROL

Dual Impact Control reduces stick vibrations and maximizes player reactions.
